## Team Declaration

I, and on behalf of all current and future team members for which I am now responsible, acknowledge that we have read the terms and conditions stated on the Cockburn ARC website and will participate in accordance with Cockburn ARC Team Sport By-Laws. We understand that we are now custodians of social sport at Cockburn ARC, and are committed to behaving accordingly. That is, warm and social regard will be shared by our team to all competitors, spectators, referees and administrators to ensure that a positive and inclusive community culture is maintained for as long as we play at Cockburn ARC. This includes a commitment to meeting every scheduled fixture, as well as a promise to communicate effectively with program coordinators should we have concerns or encounter any difficulties in managing our team.

None of our team participants, current or future, will hold Cockburn ARC or the City of Cockburn liable for any personal injury or loss of property that may occur during our time playing at the facility. I hereby pledge on behalf of my team that this will be clearly understood by any new team member prior to their involvement in social sport activities hosted at Cockburn ARC. Put differently, it has been recognised by our team that all players are responsible for arranging their own insurance.
